- Concepts: Responsive Design

LANGUAGE

- English
- Hindi

PROFILE

First-year ECE student with strong interest in web development. Skilled in HTML, CSS, JavaScript, C, and Java. Built responsive applications like Student Dashboard with dark mode and interactive UI.

PROJECTS

Student Dashboard

Frontend Web Application

- Developed a responsive dashboard using HTML, CSS, and JavaScript
- Implemented interactive sidebar navigation for better user experience
- Integrated dark mode feature for improved accessibility
- Designed structured layout for managing student data (tasks, attendance)
- Focused on clean UI and intuitive user interaction

Admission Form

Web Application

- Built a responsive form with proper input validation
- Implemented validation for email, phone number, and required fields
- Designed user-friendly interface for smooth data entry
- Ensured accessibility and structured form layout

YouTube Interface

Frontend Project

- Created a responsive video streaming interface using HTML and CSS
- Embedded YouTube videos using iframe
- Designed category-based navigation (Music, Gaming, News)
- Focused on layout consistency and content accessibility

WORK EXPERIENCE

Teacher's Assistant – Brain Gym, Giridih

- Assisted in teaching and student development
- Helped improve problem-solving and analytical skills
- Collaborated with faculty for effective learning sessions
